

Parent/Student Video Lecture & Homework Agreement

This video lecture and 5 day homework agreement is between:

Student: _____

and Parent(s): _____ and _____

for the school year of: _____ and for E=mc² Course: _____

Student Section

I promise to watch assigned lecture videos and complete the assigned homework five days a week. I understand that I can only learn math with **consistent** and **daily** practice.

To help me keep my promise, I will do the following (*initial beside each step that you will take*):

_____: I will watch the assigned lecture video for the day because if I do not, I am skipping school.

_____: I will write down the "Your Turn" problems in my notebook and solve the problem as instructed.

_____: I will e-mail or text Mrs. Bolen the requested "keywords" provided in the video.

_____: I will do my homework immediately after watching the video.

_____: I will reply to Mrs. Bolen's e-mails when she sends me one.

_____: I will send Mrs. Bolen an e-mail *prior* to missing class with a plan of how I will keep up with assignments and stay on schedule.

_____: I will copy homework problems into my notebook and I will solve the problem on paper and then input the solution into MyMathLab.

_____: If I am not able to calculate the correct solution, I will use the Pearson online help aids. If I am still unable to solve the problem correctly, I will ask my parent(s) to help me. If I am still unable to solve the math problem, I will use the "Ask My Instructor" button and send Mrs. Bolen an e-mail requesting help. I will attach pictures of my work to the e-mail so that she can see my work.

_____: I will not watch TV, listen to loud music, surf the internet or talk on the phone while I am watching my lecture video or while doing homework.

_____: I will _____

_____: I will _____

Parent Section

I (we) promise to work with my/our child to make sure he/she has watched the assigned lecture videos and completed the assigned homework for five days each week. I understand that my child can only learn math with **consistent** and **daily** practice.

To help me keep my promise, I will do the following (*initial beside each step that you will take*):

_____: I will provide a quiet, well-lit and positive environment for my student to watch the lesson videos and to do the daily homework assignments.

_____: I will monitor my student and verify that he/she has completed the daily assignments for each week.

_____: If my student has not completed the assignments for the week, I will take corrective action to ensure that my student is caught up with the class in a very timely manner.

_____: If my student is sick or will miss school due to a vacation or field trip, I will be responsible for adjusting his/her schedule so he/she does not get behind in class.

_____: I will communicate any concerns about my student's progress to Mrs. Bolen and I will implement any recommendations that Mrs. Bolen and I have agreed upon.

_____: I will read and respond to all e-mails from Mrs. Bolen.

_____: I will make sure that my student has a block of time available each day for class.

_____: I will make sure that my student has a composition book or notebook for homework.

_____: I will not do my student's assignments or exams for him/her, but I will offer guidance and encouragement. I will help by quizzing my child and showing him/her where to find answers when s/he is stuck. I will encourage my child to check over his/her work.

_____: I will be present in the room while my student takes exams but I will not help or coach my student during the exam.

_____: I will not allow my student to use a calculator if one is not allowed.

If a student stops attending school (neglects to log into MyMathLab and *fully complete* assignments) for 14 consecutive days, the student will be put on probation. The student must get caught up with all assignments and exams and be back on track within three weeks of the parents being notified of the probation or the student will be unenrolled from E=mc2 Academy. If a student is placed on probation three times, the fourth time the student will be unenrolled from E=mc2 Academy. **There will be no tuition or book purchase refunded.**
